

## CREATE A NODE RED

TEAM ID: PNT2022TMID29933

TOPIC: PERSONAL ASSISTANCE FOR SENIORS WHO ARE SELF RELIANT

The screenshot shows the Node-RED web interface running in a browser. The browser's address bar displays the URL: `node-red-vxkmz-2022-11-04.eu-gb.mybluemix.net/red/#flow/98086ee5113e8722`. The interface includes a left sidebar with a 'filter nodes' search bar and several category tabs: 'input', 'output', 'sequence', and 'parser'. The 'input' category is selected, showing nodes like 'udp in', 'udp out', 'ibmiot in', and 'ibmiot out'. The 'sequence' category shows 'split', 'join', 'sort', and 'batch' nodes. The 'parser' category shows 'csv', 'html', and 'json' nodes. The main workspace, labeled 'Flow 1', contains a single flow with an 'ibmiot in' node connected to a 'msg payload' node. A 'connected' status indicator is visible below the 'ibmiot in' node. On the right, there is a 'debug' console and a 'Deploy' button. The Windows taskbar at the bottom shows the search bar, task view icon, and several application icons. The system tray on the right indicates the time as 09:52 on 17-11-2022, with the language set to ENG. An 'Activate Windows' watermark is visible in the bottom right corner of the workspace.
